### *Puppy Love on Saturn's Rings*

My nights on Pluto grew so cold  
The moons of Neptune turned me blue  
I flew through Saturn's rings of gold  
And came down with a crush on you

Until we met I never knew  
I'd find such fun in silly things  
Like lollipops to share with you  
In puppy love on Saturn's rings

*It's puppy love on Saturn's rings  
That keeps me smiling all day long  
There's no end to the joy it brings  
Without it I can't get along  
It's puppy love on Saturn's rings  
There's no end to the joy it brings  
I feel as though my heart has wings  
It's puppy love on Saturn's rings*

I know I'll never fly away  
When we're together heaven sings  
Right by your side I'll always stay  
In puppy love on Saturn's rings

*It's puppy love on Saturn's rings  
That keeps me smiling all day long  
There's no end to the joy it brings  
Without it I can't get along  
It's puppy love on Saturn's rings  
There's no end to the joy it brings  
When we're together heaven sings  
It's puppy love on Saturn's rings*
