

Ortyn and The Aliens

Sing a Snappy Song!

*Just think a happy thought and sing a snappy song
You'll wear a smile upon your face each day your whole life long
If everything's all right then nothing can go wrong
So think a happy thought each day and sing a snappy song*

Why fret and frown or mope around
And let clouds cry above you
The world is bright and filled with light
And folks who'd like to love you

It's so much fun to be someone
Who's always feeling happy
So crack a smile and all the while
Just sing a song that's snappy

*Yes think a happy thought and sing a snappy song
You'll wear a smile upon your face each day your whole life long
If everything's all right then nothing can go wrong
So think a happy thought each day and sing a snappy song*

Some fuddy-duddy might complain
This tune's too optimistic
It's not profound... breaks no new ground
And sounds unrealistic

Life has no need to be explained
No secret to be happy
Just take it easy... keep it plain
And sing a song that's snappy

*Yes think a happy thought and sing a snappy song
You'll wear a smile upon your face each day your whole life long
If everything's all right then nothing can go wrong
So think a happy thought each day and sing a snappy song*
