

Buy American!

*When I buy things I buy American
It makes me feel right when I do
With pride I live an' die American
I'm tried an' true red white an' blue*

I've got no beef with India or China
Japan an' South Korea they're OK
But there ain't nothin' makes me feel much finer
Than buyin' stuff made in the U S A

*When I buy things I buy American
It makes me feel right when I do
With pride I live an' die American
I'm tried an' true red white an' blue*

I've got no taste for caviar from Russia
Won't plate no catfish raised in Vietnam
Ain't crazy 'bout no bratwurst made in Prussia
I like to dine on fine Virginia ham

*When I buy things I buy American
It makes me feel right when I do
With pride I live an' die American
I'm tried an' true red white an' blue*

Sure I could drive an import an' maybe save a buck
But hey I'm sleepin' better 'cause my neighbors built my truck
These days there's way too many folks flat broke an' feelin' stuck
That's why I buy American... to share my own good luck

*When I buy things I buy American
It makes me feel right when I do
With pride I live an' die American
I'm tried an' true red white an' blue*

Whenever I go shoppin'
It always makes my day
To know that what I've bought has been
MADE IN THE U.S.A.
