

*God Is The Glory!*

*God is the kingdom... the power... the glory... forever and ever... amen*  
*God is the kingdom... the power... the glory... forever and ever... amen*

My life seemed a mountain of worry  
A tunnel without any light  
My passion for living was dying  
And my dreams were all fading from sight  
Then I said a prayer and found Somebody there  
Who helped me to change my whole life  
His kingdom shines high up above  
And His power is pure love

*God is the kingdom... the power... the glory... forever and ever... amen*  
*God is the kingdom... the power... the glory... forever and ever... amen*

Those troublesome times lie behind me  
Thank Heaven they haunt me no more  
The dawn of each new day reminds me  
Now I'm sheltered on God's hallowed shore  
Yes I said a prayer and found Somebody there  
Who helped me to change my whole life  
His kingdom shines high up above  
And His power is pure love

*God is the kingdom... the power... the glory... forever and ever... amen*  
*God is the kingdom... the power... the glory... forever and ever... amen*

I know that He'll never forsake me  
I'll stay true to Him evermore  
One day to His kingdom He'll take me  
By His grace I will find my reward  
The light of Our Heavenly Father  
Is guiding me straight to His door

*God is the kingdom... the power... the glory... forever and ever... amen*  
*God is the kingdom... the power... the glory... forever and ever... amen*
